Lebanon Appeal - Fund MPACUK Campaigns

MPACUK was created to counter these powerful lobbies and give us some influence to turn around and push back against a one sided foreign policy. We at MPACUK would like to ask you a simple question. If you could choose one of the following, what would it be...? Would you a) fund a hospital in Lebanon so that the children can receive medical aid for the wounds the bombs have inflicted upon them, or b) stop the bombs falling in the first place...?

MPACUK Strikes Back Against Israel

The Middle East crisis could no have come at a worse time for MPACUK. We are at the beginning of a total re-structure that would mean that every single town in Britain would have a local MPACUK Team of volunteers in it. All the manpower was being utilised for expansion and not to fight battles. In short we didn't have the volunteers who were trained enough to kick into action. In this game you get no marks for being slow off the mark, time is everything.

Zionists up and down the country have been contacting their MP's to demand they back Israel (backing Israel could simply mean keeping silent on the issue), and Muslims - well you tell us what your local Mosque has done in this crisis? Our guess is pretty much nothing. Some Mosques have taken action, and are now working in conjunction with MPACUK. It's time to fight back, we must allow Britain to make a just decision without the evil power of the Zionists forcing its hand.

What Your Mosque Will Not Mention This Friday About Lebanon

'Accuse you - Ehud Olmert, Prime Minister of Israel, Amir Peretz, Minister of Defense, Dan Halutz Head of Staff Chief Commander of the Israeli Army, of committing this bestial barbaric slaughter in Lebanon. I accuse you of committing Crimes against Humanity towards the Palestinian People. I accuse you of deserting our soldiers, when their lives could be saved by negotiations, and I accuse you of starting an unjustified war in my name.' -

Tsilli Goldenberg, Masarik 11, Jerusalem 93106 Israel.

Sufis and We Didn't Even Know It!

It's official, the Muslim community is so wretched we need a self-confessed Islamophobe: [Martin Bright](#) to speak for us, (Bright told a FOSIS conference last year that he had no problem describing himself as an Islamophobe) indeed the concerned man wants to help us to be free of our radical leaders ie: the MCB.

"Amma Amma"

Tuesday, 25 July 2006

I'm not the type of man who cries easily but after watching that little kid calling for his "amma, amma" (mother, mother) (9 Minutes into this BBC News report) I just cried. I'm seriously having trouble expressing myself here. Is this what extremist Zionists celebrated over the weekend, with the backing of Jonathan Sacks?

Care for Orphans

The Prophet Muhammad (peace be upon him) said: "If anyone strokes an orphan's head...he will have blessings for every hair over which his hand passes. And if anyone treats well an orphan girl or boy under his care, he and I will be together in Paradise like this (and the Prophet held two fingers close together)."

Al-Tirmidhi, Hadith 1282
